Parent Consent for School Health Services
School Year 2024-2025

Student's Name_____ **Polk ID#**_____ **Grade** _____ **Teacher**_____

The Florida Department of Education and the Florida Department of Health work in cooperation to coordinate the School Health Services Program as mandated in Florida Statute sections 381.0056, 281.0057, and 402.3026. Pursuant to Florida Statute 1001.42: A parent/guardian MUST opt-in yearly for their child to receive school Health Services/Clinic Services. Please indicate if you want your student to be able to receive the services indicated below. Circle "yes" or "no".

YES	NO	**I want my child to be able to access care in the clinic due to illness or injury. School health/clinic services may include: first aid, emergency care *, health appraisals, nursing assessment, health counseling, referral and follow-up, health promotion, disease and injury prevention, basic health education provided in the clinic, and health consultations.** If "NO", the student will NOT receive health/clinic services as outlined above, including, but not limited to, temperature checks, first aid, etc.
YES	NO	**I want my child to participate in individual student screenings related to learning, behavior and/or social emotional well-being as needed by the school problem-solving team to ensure proper instruction and intervention in these areas. This may also include an individual vision and/or hearing screening to rule out vision difficulties affecting learning.**

* There is not an option to withhold/decline consent for emergency care. In emergency situations, school personnel will contact Emergency Medical Services and provide emergency care until EMS arrives. Once EMS arrives, they will take whatever action is deemed necessary for the health and safety of your child. Parents are financially responsible for any emergency care and/or transportation your child needs.

This consent DOES NOT AUTHORIZE invasive screening or procedures (COVID-19 testing, blood draw, vaccinations, etc.), preventative health care, medication administration, mental health counseling, therapy (physical therapy, occupational therapy, etc.) or other services that require specific parental direction and consent (administration of medication, medical procedures, medical management of chronic health conditions, etc.)

For your child to receive any medication or medical treatment at school, you must consent to health services/clinic visits and provide a new Authorization for Medication/Treatment signed by you and your child's doctor each school year. All medications must be brought to school by an adult. All medications and/or treatment, equipment or supplies must be supplied by the parent/guardian.

You are also required to complete the Emergency and Contact Information Form and update information annually or any time the information changes. School personnel will contact you to pick up your child if he/she is unable to remain at school due to illness or accident. If school personnel are unable to reach you, one of the adults listed on the Emergency and Contact Information Form designated to pick up your child will be contacted.

NOTICE: The following state mandated health screenings are provided: vision screening in grades PreK, K, 1, 3, 6; hearing screening in grades PreK, K, 1, 6; growth and development/Body Mass Index (BMI) screening in grades PreK, 1, 3, 6; blood pressure screening for Head Start PreK; and scoliosis screening in grade 6. If you do not want your child to participate in any of the screenings above, please complete the School Health Screening Opt-Out Form available at your child's school. You may also access the form from the district's website (https://polkschoolsfl.com/policiesandforms). The opt-out form must be completed and submitted each school year that you do not want your child to participate in the mandatory health screenings.

Polk County Public Schools will only share student medical information from education records in accordance with law. It may be necessary to share some information about your child with the School Board's health care partners to provide and evaluate health services or obtain emergency medical treatment. Your child's education records may also be shared with school officials who have a legitimate educational purpose for accessing such treatment records. Therefore, it is your responsibility to notify the school of any changes in the information recorded on this form.

I certify that I consent to or decline Health Services/Clinic Services as indicated above, that the information on this Medical Information Form is accurate, and that I understand the school keeps all medical information and records in accordance with Florida law.

Date: _____ Enrolling Parent/Guardian Signature: _____

Print Enrolling Parent/Guardian Name:_____

The School Board of Polk County, Florida, prohibits any and all forms of discrimination and harassment based on race, color, sex, religion, national origin, marital status, age, homelessness, or disability or other basis prohibited by law in any of its programs, services, activities or employment. To file concerns, you may contact the Office of Equity & Compliance in the Human Resource Services Division at (863) 534-0513. If you require any type of accommodation to complete the application process due to a disability, please call the Human Resource Services Division at (863) 534-0781. If you are deaf or hard of hearing, please contact the Polk County School District by calling Florida Relay Service at 1-800-955-8771. The Mission of Polk County Public Schools is to provide a high quality education for all students.
